

# EZ does it. Fast.

## The smart new EZ Stab clip

**Stronger clip.** Made from stainless steel, our EZ Stab clip is stronger than competitor clips.

**Stronger design.** Double-stitched web and staggered rivet holes add stability and reduce twisting.

© 2017 CertainTeed Corporation

**FAST** EZ Clip design offers consistent stability that speeds installations

**STRONG** Stainless steel clips with staggered rivet holes and double-stitched web

**SMART** Faster, easier installations save time and build your bottom line

## Introducing two time-saving suspension systems

Speed up your ceiling installs with the strength and stability of EZ Stab Bolt Slot and Tier Drop suspension systems – two smart new dimensional systems featuring improved materials and design you'll only find in CertainTeed EZ Stab grid.

# INSTALL CEILING GRID FASTER - THE EZ WAY.

Enjoy quicker, easier installation with strong, stable grid systems

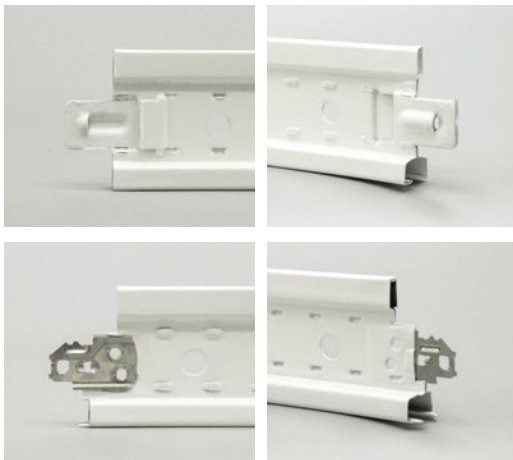

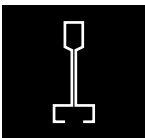

## EZ STAB SUSPENSION SYSTEMS

### FEATURES & BENEFITS

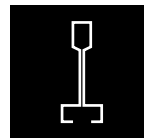

- Contemporary look and extended design flexibility
- EZ Stab stainless steel clip provides strength, ease of installation
- EZ Stab clip technology provides fast, strong connection on cross tees with added removability
- Double-stitched web design for lasting durability and strength
- Grid features fully painted and G30 hot-dipped galvanized steel construction for corrosion resistance
- Intermediate and heavy duty certified profiles available
- Available in standard white (consult your Sales Rep about custom colors)

## BOLT SLOT 1/4" SYSTEM

- Open space between panels creates attractive 3-D effect
- Uniform surface when installed with Narrow Reveal Edge ceiling panels
- Narrow 9/16" face features 1/4" center regress and is compatible with certain Narrow Reveal Edge panels
- Mitered design on cross tee and main runner intersections produces a clean, continuous slot with multiple lengths and miter spacing to accommodate many module sizes

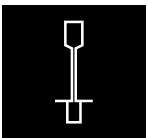

## BOLT SLOT 1/8" SYSTEM

- Open space between panels creates attractive 3-D effect
- Uniform surface when installed with Narrow Reveal Edge ceiling panels
- Narrow 9/16" face features 1/8" center regress and is compatible with certain Narrow Reveal Edge panels
- Mitered design on cross tee and main runner intersections produces a clean, continuous slot with multiple lengths and miter spacing to accommodate many module sizes

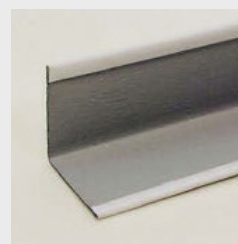

## TIER DROP SYSTEM

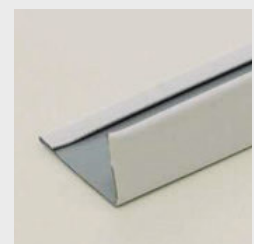

- Dimensional system installs just like 9/16" grid
- Uniform surface when installed with Narrow Reveal Edge or Trim Edge ceiling panels
- Narrow 9/16" face features 3/16" wide center bulb to create double 1/8" wide reveal - compatible with certain Narrow Reveal Edge and all Trim Edge panels

## SHADOW MOLDINGS

# FOR EVERY SUSPENSION SYSTEM PROJECT, THERE'S A CERTAINTEED CEILINGS GRID SYSTEM.

See our full range of solutions for smooth installation and superior results

- 15/16" CLASSIC ALUMINUM CAPPED HOOK
- 15/16" CLASSIC ALUMINUM CAPPED STAB
- 15/16" CLASSIC ENVIRONMENTAL STAB
- 15/16" CLASSIC HOOK
- 15/16" CLASSIC STAB SYSTEM
- 15/16" CLEANROOM STAB
- 15/16" FIRESECURE™ STAB SYSTEM
- 15/16" SEISMICSECURE™ CLASSIC ALUMINUM CAPPED STAB
- 15/16" SEISMICSECURE™ CLASSIC ENVIRONMENTAL STAB
- 15/16" SEISMICSECURE™ CLASSIC STAB SYSTEM
- 9/16" ELITE NARROW STAB
- 1-1/2" DRYWALL SUSPENSION SYSTEM
- QUICKSPAN™ LOCKING DRYWALL GRID SYSTEM

## QUICKSPAN: ANOTHER TIME-SAVING SOLUTION FROM CERTAINTEED CEILINGS.

Quicker, easier spans for drywall ceilings in hallway/corridor applications

### QUICKSPAN™ LOCKING DRYWALL SYSTEM

**FASTER PRODUCTION, LOWER LABOR COST.** Click-in design delivers faster installation with strength and stability.

**LONGER UNSUPPORTED SPANS.** The highest tested and certified load data – spans more distance without mid-span support or hanger wire
